UNLEASH THE POWER OF FUTURE AI

With B.Tech. CSE-AIML @ MBU

Dream Big. Achieve Bigger.

Dr. M Mohan Babu
Chancellor, Mohan Babu University

At the heart of Mohan Babu University's innovation ecosystem lies our cutting-edge B.Tech program in Computer Science and Engineering (Artificial Intelligence and Machine Learning). This transformative journey equips students with the essential skills and knowledge to thrive in the ever-changing realm of Artificial Intelligence (AI) and Machine Learning (ML).

In our program, we delve deep into the fusion of computer science with AIML technologies, shaping the future of the digital age. By merging theoretical foundations with hands-on practical applications, we empower students to master data analytics, scientific computation, numerical and statistical analysis, and various other aspects of Machine Learning. Our curriculum is

meticulously designed to prepare students for the challenges and opportunities presented by the dynamic field of AIML.

Join us on this innovative academic venture, where creativity and expertise converge to create the next generation of AI and ML pioneers. Explore the limitless possibilities of technology and become a part of our vibrant community dedicated to advancing the boundaries of Artificial Intelligence and Machine Learning. Welcome to the forefront of technological excellence at Mohan Babu University!

PROGRAM HIGHLIGHTS

- **AI-Driven Infrastructure:** Access cutting-edge GPU-enabled AI laboratories and Generative AI programming tools.
- **Innovative Pedagogy:** Learn through flipped classrooms, project-based learning, mind-mapping, and other advanced teaching techniques.
- **Expert Guidance:** PhD-qualified, experienced professors mentor students to excel in academics and industry.
- **Global Leadership Recognition:** MBU is the first Indian institution to participate in the Grand Challenges Scholars Program proposed by NAE, USA.
- **Research Excellence:** Faculty and students have published 225+ high-quality research articles and secured ₹40 Lakhs in funding from DST for groundbreaking projects.
- **Consultancy Expertise:** Undertaking projects valued at ₹45.65 Lakhs, showcasing MBU's impact on the industry.
- **AICTE-Awarded Programs:** Proud recipients of prestigious schemes like SPICES and MODROBS for academic innovation and excellence.
- **Trailblazing Innovations:** Faculty and students hold patents and copyrights for their pioneering contributions.

WHY CHOOSE THIS PROGRAM AT MBU?

THE MBU ADVANTAGE

- 1. Industry-Integrated Curriculum**
 - Designed in collaboration with IBM and other leading software companies, offering hands-on training in AI and Machine Learning technologies.
- 2. Career-Focused Approach**
 - Continuous evaluation programs enhance placement readiness, and collaborations offer lucrative internships and skilling opportunities.
- 3. Global Skills Development**
 - Dedicated English proficiency training ensures students are prepared for international career opportunities.
- 4. Dynamic Learning Experiences**
 - Engage in real-world case studies, interactive projects, and group discussions to build practical skills.
- 5. Enriching Partnerships**
 - MOU with top product and service companies to provide advanced training, paid internships, and access to real-world challenges.
- 6. Enhanced Student Learning**
 - Supported by SEED grants to provide unique educational opportunities beyond the classroom.

INSTITUTIONAL PLACEMENTS
