UNLOCK GREAT CAREER POSSIBILITIES IN PHARMACEUTICALS @MBU

Dream Big. Achieve Bigger.

Dr. M Mohan Babu
Chancellor, Mohan Babu University

The MB School of Pharmaceutical Sciences is dedicated to teaching, research, and training in the subject domain. Over the years, School of Pharmaceutical Sciences has established State-of-the-Art facilities to impart practical training to the students and inculcate deep professional insight. The successive graduates could secure good placements due to the erudite expertise of the esteemed faculty members.

GET THE MBU EDGE

School of Pharmaceutical Sciences trains health practitioners in an inter-professional setting, emphasising medically underserved areas. As a result, our students go on to excel as highly qualified physicians and healthcare professionals who understand how the medical disciplines can and must work together. School of Pharmaceutical Sciences also shares a vision to transform the future of health care and provide easier access to high-quality services for patients. Our students experience life-changing service working domestically and internationally with people in need.

COURSES OFFERED

MoU's

MBU School of Pharmaceutical Sciences has established strong collaborations with pharmaceutical companies and NGOs, fostering industry connections and providing students with practical insights and opportunities. School of Pharmaceutical Sciences has received recognition for its industry collaboration, including the prestigious 'Platinum Status' in the AICTE-CII Survey.

ACADEMIC ADVANTAGE @ SCHOOL OF PHARMACEUTICAL SCIENCES

Innovative Teaching Methods: School of Pharmaceutical Sciences implements innovative teaching methods to enhance the learning experience of students. These methods include hands-on training, interactive sessions, and modern technology.

The School of Pharmaceutical Sciences also offers various add-on courses and student clubs to promote holistic development.

Practical Exposure: School of Pharmaceutical Sciences organises industry visits and field trips to pharmaceutical manufacturing units and research facilities. These practical experiences provide students with direct exposure to the pharmaceutical industry and real-world applications of their knowledge.

Strong Alumni Network: School of Pharmaceutical Sciences has a strong alumni network comprising successful professionals in the field of pharmacy. The alumni network provides guidance, mentorship, and support to current students, helping them in their career endeavours.
