TOP GUN PROGRAM
@MBU

Dream Big. Achieve Bigger.
Padma Shri Dr. M Mohan Babu
Chancellor, Mohan Babu University

TOP GUN TRAINING PROGRAM

The Top Gun Program, conceptualized by Mr. Vishnu Manchu, Pro Chancellor, Mohan Babu University is an innovative initiative designed to prepare students for the dynamic global IT industry. Recognizing that cognitive and communication skills, coupled with domain knowledge, are no longer sufficient, the program emphasizes the importance of strong coding and problem-solving capabilities. This visionary approach equips students to excel in the competitive tech landscape.

OBJECTIVES OF THE TOP GUN PROGRAM

The program aims to:

- Identify and nurture top-performing students.
- Enhance their technical, coding, and problem-solving skills.
- Position them as highly sought-after professionals in their respective fields.

SELECTION PROCESS

In their pre-final year of the B.Tech. program, students undergo a meticulous assessment process that evaluates:

- Academic performance.
- Technical knowledge and aptitude.
- Problem-solving abilities.
- Passion for excellence.
- Potential to learn and adapt.
- Determination to achieve ambitious goals.

TRAINING HIGHLIGHTS

Selected students participate in an intensive, 3-month training program that includes:

Technical Skills:

- In-demand technical topics taught by industry experts.
- Focus on solving real-world problems.
- Competitive coding practice through platforms like LeetCode, HackerRank, HackerEarth, and CodeChef.
- Mini-projects to reinforce learning and application.

Life Skills:

- Training in communication, presentation, decision-making, and stress management.
- Grooming to become well-rounded professionals.

Industry Interaction:

- Seminars, guest lectures, and workshops conducted by senior professionals (Delivery Heads, Chief Technology Officers) from leading companies such as Google, Amazon, Microsoft, Adobe, and TCS.

Benefits and Supporting Services

- Full Sponsorship: Training is fully sponsored by the University.
- Dedicated Mentorship: Students receive guidance and doubt resolution support from mentors.
- Certifications: Opportunities for certifications in collaboration with leading academies like AWS, ServiceNow, Salesforce, CISCO Networking Academy, Palo Alto Cyber Security Academy, Red Hat Academy, and Blue Prism Academy.

FOCUS AREAS AND OUTCOMES

- CSE Students: Around 100 Computer Science & Engineering students receive advanced coding and technical training.
- ECE Students: Approximately 25 Electronics & Communication Engineering students receive specialized technical training for roles in companies like Texas Instruments, Silicon Labs, AMD/Xilinx, Cadence, and Synopsis.

The results speak volumes about the program's success. Graduates from the 2023-2024 batches have achieved outstanding placements, with some securing compensation packages of up to Rs. 60 lakhs per annum.

COMMITMENT TO EXCELLENCE

The Top Gun Program exemplifies MBU's dedication to nurturing talent and fostering excellence. By bridging the gap between academia and industry, it ensures that students not only meet but exceed the expectations of the global IT sector, setting them on a trajectory for remarkable careers.
